Thinking about getting rid of your glasses or contacts for the new year? Before you make a decision, talk to the team led by Dr. Jeffrey Whitman, voted “Best in Dallas” by his peers for the sixth straight year in *D Magazine*. Every doctor on the Key-Whitman medical team has been hand-picked and trained by Dr. Whitman. That means you can count on a thorough eye exam to determine which customized LASIK procedure is optimal for your vision. Your procedure is all-laser and completely blade-free because you deserve no less than the best care. Don’t forget to ask about easy no-interest payment plans.
